Edit User Code

1. From the main display press ⬅.
2. Enter master code (default code 1234) followed by 🔒/OK.
3. Scroll to the option Codes/Tags > 🔒/OK.
4. Scroll to Define and press 🔒/OK.
5. Select a user and press 🔒/OK.
6. Select Edit Code and press 🔒/OK.
7. Enter the new code followed by 🔒/OK.
8. To edit user label scroll to Edit Label and enter label.
9. Repeat the above steps for additional codes.

Assign Proximity Tag

1. Follow steps 1-5 of the Edit User Code above.
2. Select (Re)Write tag and press 🔒/OK.
3. Within 10 seconds, approach the proximity tag to the keypad.

Setting and Changing System Time and Date

1. Press ⬛↵ and enter grand master code followed by 🔒/OK.

2. Using the arrow keys, scroll to the option Clock and press 🔒/OK.

3. The display will show Time & Date. Press 🔒/OK.

4. Enter the correct time in 24-hour format and date. For entering the date use the ↵ keys to move the cursor and the 🏠/🔒 key to toggle among the choices.

5. Press 🔒/OK to save your settings.
